Directions for Use

Test in an inconspicuous area for compatibility before use.

Keep pets and children indoors during use.

1. Shake bottle well.
2. Ensure nozzle is set to 'OFF' then simply attach your garden hose.

3. Select the 'SPRAY' stream setting and turn your garden hose on to start cleaning.
4. Spray sparingly onto the surface, from top to bottom in a sweeping motion.
5. Let sit for no longer than 5 minutes. Do not allow product to dry.
6. Switch the nozzle setting to 'WATER' and rinse off with water thoroughly.
7. Turn nozzle to the 'OFF' position, turn off garden hose and detach for storage.

Tips

- Scrubbing may be required for stubborn and ingrained dirt.
- Rinse off plants immediately and thoroughly.
- Keep pets away from surfaces until rinsed off.

Storage

- Store in a cool, dry, well-ventilated place and out of direct sunlight.
- Store away from foodstuffs.
- Store away from incompatible materials.

Limitations

- Heavily contaminated surfaces may require some scrubbing.
- *Using normal pipe pressure 500 kpa
- **Use as directed on pack and rinse off within 5 minutes from surfaces.

Safety Directions:

- Read carefully and follow all instructions.
- Keep out of reach of children.
- Wear protective gloves and protective clothing including eye/face protection.
- Store in a cool, dry, well-ventilated place and out of direct sunlight.
- Keep containers closed when not in use - check regularly for leaks.
- Do not mix with other detergents or chemicals.
