Technical Data Sheet

Tyre Shine 350g

Description

Polyglaze Tyre Shine is a high quality, silicone based treatment that gives tyres a long-lasting, wet-look shine.

Pack Size

Available in 350g Aerosol Can

Application

Designed for use on cars, trucks and vans. Can also be used on plastic mouldings on vehicles.

Features

- Protects surfaces against UV rays
- Glossy, wet look finish
- Lasts for weeks – not days

Directions for Use:

- Shake can well before use; use in a well-ventilated area
- Thoroughly clean area to be treated and allow to dry
- Shake can well and simply spray even coats of Tyre Shine over tyres and mudflaps
- Wipe over surfaces with a clean dry cloth for a wet look finish

NOTE:

- The appearance of tyre shine after application will vary depending on the age and condition of the tyres. Older tyres will soak up the product very easily meaning that more than one coat may be required to obtain the desired finish.

Do Not Use On: Motor Cycle Tyres, Vinyl Seats, Steering Wheel or vehicle pedals

Technical Information

Appearance	Clear, aerosol dispensed fluid
Solubility	Not Soluble in Water
Flammability	Highly Flammable

Safety/First Aid

EXTREMELY FLAMMABLE AEROSOL

- Keep away from sources of ignition.
- No Smoking.
- Do not spray on or near sparks, flames or any incandescent material.
